Exhibitors have confidence in Flower Expo China 2020 this may!

[Guangzhou](#) (agrar-PR) - Dear President/Marketing Manager,

We are very confident to tell you that the 2020 China International Floriculture & Horticulture Trade Fair (Flower Expo China) will be held on schedule in May as China is making significant progress in containing the Covid-19 epidemic!

More importantly, our exhibitors' enthusiasm is growing higher, too. Even during the past 2 months, there were still dozens of exhibitors who signed up for the show, and it's estimated that at least 93% confirmed exhibitors, including brands from China, Japan, Italy, Ecuador, Holland, Germany and etc, will show up this May as scheduled.

It's believed that the outbreak in China will be nearing its end as early as this late April, thus to seize market opportunities in the second half of 2020, Flower Expo China is the best choice!

It's at times like this that exhibitions play an even more important role in business marketing. To make sure our exhibitors and visitors will have a productive trip this May, we will do our best to address your needs and prepare the show for another successful year.

Latest on COVID-19 Outbreak in China

By the way, the COVID-19 epidemic in China has been preliminarily curbed as new infection continues to drop. Data from the National Health Commission also give us strong confidence in the successful holding of the show.
